✓ Soft Skills: Excellent verbal communication, interpersonal skills, consistent delivery, problem-solving

---

Professional Experience

Lead Web Designer & Developer | ZymoWeb (Freelance)
📅 **2019 – Present |** 🌍 **Remote (Local & International Clients)**

• Spearheaded the design and development of 30+ responsive websites, ensuring consistent quality and performance across smartphones, tablets, and desktops.
• Improved client website performance by optimizing load speed (reduced average load time from 4s to 2.5s using lazy loading and caching).
• Collaborated closely with clients using strong interpersonal and verbal communication skills to translate business needs into intuitive UX/UI solutions.
• Solved complex technical challenges, including cross-browser compatibility issues and mobile responsiveness.
• Provided post-launch support, including SEO optimization and content updates, resulting in 40-60% organic traffic growth for clients.

Technical Skills

Web Technologies: HTML5, CSS3 (Sass/SCSS), JavaScript (Vue.js)
Design Tools: Adobe Illustrator, Figma, Adobe XD
UX/UI Principles: Information architecture, usability testing, accessibility
Computer Science: Algorithms, data structures (Harvard CS50)
